

HOW TO SAVE A WEB PAGE TO YOUR FOLDER ON THE SERVER: OSX

1. Using your web browser (Safari or Explorer) go to the webpage you wish to save.
2. Go to File>Save As...

3. Then save the webpage to your desktop.

4. Open your finder

5. Find your class folder on the server.
6. Drag your newly saved webpage into your personal folder.
7. Now your students may go directly to the webpage by simply clicking on the link in your folder. (Without typing or mistyping in the web address)
